NEGOTIATIONS NEWS

The big news right now is unquestionably that in the seventeenth month of negotiating this new contract, your Negotiating Team reached an agreement with the Company regarding the Gulf of Mexico articles.

While the Alaska Addendum remains to be settled, and dates are scheduled for these discussions later this month,

your continued patience is appreciated as we show our solidarity and support for our counterparts to the north.

Once those talks conclude, a CBA ratification presentation will be prepared and presented to the members and following that, the proposed contract will move to a vote.
