Over the past two days members of the Local 107 bargaining committee and management representatives have begun the process of meeting / bargaining for the purpose of amending the contract of April 4, 2011.

The parties had a successful beginning to negotiations and look forward to our further meetings. Both parties brought forth their ideas and concerns in a professional and well thoughtout manner.

With a maturing contract, the issues become more complicated and the solutions more complex. The process of solving these issues is complemented by open, honest discussion with both sides considering the problem with a mutual solution in mind, resulting in the best compromised answer available. These talks are executed with mutual respect, honesty and, at times, humor. Bottom line is open interest based bargaining resulting in a document we can all be proud.

### CONTINUING TO LEAD AS A CATEGORY OF ONE

**NEXT MEETING:** Thursday, October 28<sup>th</sup>, 2010 / Fairfield Inn, Lafayette, LA Time: 8:30am

In Solidarity,  
*The Local 107 Contract Negotiating Team*
